

Celox Rapid Ribbon Hemostatic Gauze (1" x 5')

Celox™ Rapid Ribbon brings all the benefits of Celox Rapid Gauze in a 1-inch strip. This Chitosan impregnated dressing is designed to stop moderate-to-severe bleeding with one minute of compression time.

Its low-profile packaging enables Celox Rapid Ribbon to be easily integrated into existing First Aid Kits.

Its increased capability is ideal for the treatment of narrow track wounds such as bullet and stab injuries. Celox Rapid Ribbon follows Safeguard's Color-Coded Trauma Treatment System distinctly packaged with icon identifiers to treat the five leading causes of preventable death following traumatic injury.

Product description

- 2 Minutes Faster than Closest Competitor
- Cleared by FDA for 1 Minute of Compression
- Thin strip configuration
- Reduces Blood Loss
